Stylo G

# Calvin harris and John Newman clinch chart double with Blame

## ANALYSIS

BY ALAN JONES

No.1 on sales six weeks ago, Calvin Harris' Blame (feat. John Newman) finally explodes to the top of the club charts - Upfront and Commercial Pop - with a 7-1 move on the former and 5-1 on the latter after Harris' original mix was joined by a Burns remix. It was an easy victor on both charts, finishing 11.61% ahead of nearest challenger Breach's The Key (feat.

Kelis) on the Upfront chart, and 21.01% ahead of Katy Perry's This Is How We Do on the Commercial Pop chart. While Blame is Newman's first No.1 on either chart, Harris has now had 11 Upfront club chart No.1s, and nine Commercial Pop chart No.1s. The last three - Under Control, Summer and Blame - have come from his new album Motion, which drops next Monday (November 3). Blame's coronation didn't come a minute

too soon, as two new tracks from Motion are now being promoted to clubs - Slow Acid and Ellie Goulding collaboration Outside.

Stylo G's Call Mi A Leader barely scrambled to the top of the Urban club chart last week, but with nearest rival Billon's Special sliding 2-7 this week, Call Mi A Leader has a more comfortable majority. It faces a bigger challenge next week with Breach, Pharrell Williams and Jennifer Lopez all within striking distance.
